CAMILLE PETROU

Software Developer · Computer Science Student · FabLab Equipment Maintenance

La Pocatière, QC | camille.petrou@gmail.com | github.com/TheWindFlower | thewindflower.github.io

PROFILE

Self-taught computer science student with 5+ years of hands-on software project experience, complemented by practical IT support and FabLab equipment maintenance. Comfortable working across programming languages, Linux systems, web technologies, and hands-on digital fabrication equipment. Currently developing cybersecurity and CTF skills.

TECHNICAL SKILLS

Languages & Web: Python · JavaScript · TypeScript · C++ · C# · Dart · SQL · HTML · CSS · Bash · Zsh

Frameworks & Libraries: React · Vue.js · Next.js · Vite · Flutter · SDL2 · OpenCV · fl_chart

Databases: SQLite · SQL · MongoDb

Cybersecurity & Networking: Hack The Box (CTFs) · Nmap · Wireshark · Burp Suite · ffuf · Netcat · TCP/IP

Tools & Platforms: Git · GitHub · Docker · tmux · Neovim · Linux (Debian, Arch Linux) · Arduino · ESP32 · Office 365

Technical Practices: Linux system administration · Troubleshooting · Hardware/software support · Code review · Git branch management · Pull requests

FabLab Equipment: FDM/filament and resin 3D printers · Laser cutter · Embroidery machine · Sewing machine · Heat press / sticker press

WORK EXPERIENCE

FabLab Equipment Maintenance

FabLab · Cegep La Pocatière · Jan 2025 - Present

- Perform routine maintenance and basic troubleshooting on digital fabrication equipment.
- Maintain both filament-based (FDM) and resin 3D printers, along with laser cutters, embroidery machines, sewing machines, and heat/sticker presses.
- Help keep equipment operational and available for users through practical checks, upkeep, and issue identification.

Team Member

Tim Hortons · La Pocatière, QC · Jan 2023 – Present

- Deliver fast-paced customer service and manage cash in a high-volume environment.
- Coordinate inventory logistics and stock management.
- Recognised for reliability and teamwork across rotating shifts.

IT Maintenance Intern

Zot Informatik · Saint-Leu, Réunion · Jan 2020

- Assisted with computer hardware repairs and software installations for client machines.
- Managed support tickets and communicated directly with customers to diagnose issues.
- Gained hands-on experience with the workflow of a professional IT maintenance workshop.

PROJECTS

SkyBlock Quant Terminal

React · Vite · Tailwind CSS · REST API · Data Analysis | 2026 – Present

- Web application for financial arbitrage analysis on the Hypixel SkyBlock marketplace.
- Integrates the official Hypixel API and scraped crafting recipes to surface profit-flip opportunities.
- Implements simple flips, NPC buy-to-sell, and craft-to-NPC arbitrage analysis.

Workout Tracker

Flutter · Dart · SQLite · fl_chart | 2024 – Present

- Cross-platform mobile fitness application for structured training logging.
- Tracks sets, reps, weight, and bodyweight history; stores data locally and visualises progress.

Game of Life

C++ · SDL2 · Simulation | 2023

- Real-time Conway's Game of Life simulation with an interactive grid and speed controls.

ASCII Filter

C++ · OpenCV · Computer Vision | 2023

- Converts images, video files, and live webcam feeds into ASCII art in real time.

Instagram Profile Rotator

Python · Automation · Web Scraping | 2022

- Automates scheduled Instagram profile-picture rotation using scripting and HTTP automation.

EDUCATION

DEC – Computer Science Technology (Technique de l'informatique)

Cégep de La Pocatière, Québec · Jan 2023 – Present

Baccalauréat Technologique STI2D

Lycée Polyvalent Stella, Saint-Leu, Réunion · 2020 – 2023

Specialisation: Systèmes d'Information et Numérique (SIN)

LANGUAGES

French: Native · English: Professional working proficiency
